Key : RC = Reading Comprehension
TC = Text Completion
SE = Sentence Equivalence

Tips :

- Make your own vocabulary list, when come across a word that you don't know the meaning of or the usage of that word, jot it down in the list and find real life usage in sentence along with available synonyms. (vocabulary.com is a good site for this). Revise this list along with the decks.
- GRE is a stressful exam. It's alright to not know the answers of the practise questions. Learn from them.
- Knowing all the words won't matter anything if you don't know the usage of the words and search carefully for shifter words while answering TC and SE questions.
